

BILL SUMMARY
1st Session of the 56th Legislature

Bill No.:	HB 2251
Version:	INT
Request Number:	5450
Author:	Rep. Brumbaugh
Date:	2/6/2017
Impact:	Cost Savings Likely

Research Analysis

The measure updates the process by which county purchasing agents may solicit bid proposals by authorizing them to solicit bids by email.

Prepared By: Kyle Meade

Fiscal Analysis

The measure provides the option of utilizing email as a means to provide notice to all parties who have made a request of a county purchasing agent that they be notified of bid solicitation and to parties who might reasonably be expected to submit bids.

Providing an email option is likely to result in cost savings to counties as the amount of postage expense drops when interested parties opt for receiving notices by email.
