Research Analysis

The Senate amendment to HB 2631 would allow the Director of the Department of Corrections to seek inclusion in a pilot program sponsored by the Federal Communications Commission relating to the use of cellular and electronic communications devices in prisons. Should the opportunity arise, the Director is authorized to initiate a pilot program regarding the use of available technology to prohibit the use of cellular and electronic communication devices by incarcerated offenders within the statewide network of prisons in Oklahoma. The Director is authorized to use available technology to prohibit the use of cellular and electronic communication devices by incarcerated offenders within the statewide network of prisons in Oklahoma using federal or state funds.
