| Bill No.: | HB 2931 |
| Version: | SAHB |
| Request Number: | |
| Author: | Rep. Mulready |
| Date: | 5/1/2018 |
| Impact: | \$0 |

Research Analysis

The Senate amendment to HB 2931 requires the use of electronic prescribing for all scheduled II, III, and IV drugs. The measure exempts licensed veterinarians, practitioners who experience temporary technological or electrical failure or other extenuating circumstance that prevents the prescription from being transmitted electronically, a practitioner, other than a pharmacist, who dispenses directly to an ultimate user, a practitioner who orders a controlled dangerous substance to be administered in a state-certified and recognized hospital, nursing home, hospice facility, outpatient dialysis facility, a continuum of care facility, or penal institution, a practitioner who writes a prescription to be dispensed by a pharmacy located on federal property, or a prescriber that has received a waiver or extension from the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control. The measure provides circumstances under which electronic prescriptions are not to be used. The measure requires all practitioners to register with the OBNDD by January 1, 2020 in order to be issued official prescription forms. The measure provides for the validity and conditions for registration. The measure provides that a Schedule V controlled substance may not be filled or refilled more than 5 times after the date of the prescription.
