Fiscal Analysis

Floor Amendment 1 for HB 3008 replaces the Southeast Spartans Supporter License Plate, a financial support special license plate, with the Southeast Spartans Plate, a support demonstration special license plate. Currently, \$20 of each Southeast Spartans Support License Plate is dedicated to the State's Education Reform Revolving Fund. Assuming there are currently Southeast Spartans Support License Plate holders, the elimination of such financial support special license plate will eliminate \$20 in annual revenue per plate to the Education Reform Revolving Fund; however, the fiscal impact, if any, is expected to be minimal. If there are no current Southeast Spartans Support License Plates in circulation, there would be no fiscal impact to the Education Reform Revolving Fund.
