

BILL SUMMARY
2nd Session of the 56th Legislature

Bill No.:	HB3234
Version:	CS
Request Number:	10000
Author:	Moore
Date:	3/2/2018
Impact:	OMES-EGID: administrative cost savings

Research Analysis

Pending

Prepared By: House Research Staff

Fiscal Analysis

Officials from the Office of Management and Enterprise Services (OMES), anticipate administrative cost savings as a result of HB 3234 in its current form. HB 3234 would allow the Employees Group Insurance Division (OMES-EGID) to contract with vision plans on a multiyear basis. Such a contracting environment would lead to savings in administrative costs associated with reviewing, revising, rewriting, evaluating and awarding requests for proposals. OMES is unable to provide a dollar estimate for savings resulting from HB 3234; however, OMES expects the costs associated with administering the request for proposal process related to vision plans, to decrease by nearly 66%.
