

BILL SUMMARY
2nd Session of the 56th Legislature

Bill No.:	HB 3306
Version:	INT
Request Number:	8897
Author:	Rep. Wright
Date:	2/28/2018
Impact:	ODOT: possible cost for signage

Research Analysis

HB 3306 provides that when a roadway is divided into three or more lanes, all semitrailers, trailers and truck-tractors are not to be driven in the left-hand lane except when preparing for a left turn at an intersection. Official signs are to be erected on the highway system where applicable.

Prepared By: Brad Wolgamott

Fiscal Analysis

HB 3306 does require the posting of applicable signage. This could generate a cost for ODOT. The exact cost depends on how ODOT interprets “applicable” and how many signs are required to be erected.
