2<sup>nd</sup> Session of the 56<sup>th</sup> Legislature

<b>Bill No.:</b>	<b>HB 3469</b>
<b>Version:</b>	<b>INT</b>
<b>Request Number:</b>	<b>9578</b>
<b>Author:</b>	<b>Rep. Jordan</b>
<b>Date:</b>	<b>2/27/2018</b>
<b>Impact:</b>	<b>DOC: significant negative fiscal impact</b>

**Research Analysis**

HB 3469 requires the Department of Corrections to establish an “Inmate Alert” early warning system to alert citizens of escaped inmates.

Prepared By: Brad Wolgamott

**Fiscal Analysis**

HB 3469, upon review by the Dept. of Corrections, has determined that this measure would create a significant negative fiscal impact to the agency. As the Department currently does not coordinate such alerts, a new system would have to be created. DOC is not aware at this time what the exact numerical impact would be. See other considerations below for more information.

Prepared By: Kristina King

**Other Considerations**

DOC has an existing internal policy which notifies local law enforcement regarding escapees. This process does not alert the public in every situation.
