Research Analysis

SB 1060 modifies the makeup and authority of the Oklahoma State Athletic Commission. The measure differentiates between boxing, or other combat sports, and professional/entertainment wrestling. Entertainment wrestling, including professional wrestling, is placed under the commission's purview, as are the performers and/or competitors.

The measure provides that records submitted to the commission relating to an applicant or license shall be confidential. The commission would be prohibited from sanctioning an organization that permits submission holds for participants under the age of 18.
