

BILL SUMMARY
2nd Session of the 56th Legislature

Bill No.:	SB 1175
Version:	ENGR
Request Number:	
Author:	Rep. Ritze
Date:	4/3/2018
Impact:	Widens scope of misdemeanor

Research Analysis

SB 1175 requires a dispenser of medical marijuana pursuant to a valid prescription to transmit information to the central repository designated by the OBNDD.

Prepared By: Brad Wolgamott

Fiscal Analysis

SB 1175 widens the scope of a misdemeanor by adding medical marijuana to the list of prescription drugs which must be transmitted to OBNDD. Adding a drug increases the possibility an individual can be charged with the misdemeanor and fined up to \$1,000. The exact impact is contingent upon how many more individuals are convicted of the crime and the amount of the fine they are required to pay.
