

BILL SUMMARY
2nd Session of the 56th Legislature

Bill No.:	SB 1241
Version:	ENGR
Request Number:	
Author:	Rep. Russ
Date:	3/28/2018
Impact:	OWRB: Currently, \$0 Impact Anticipated for FY-19, pending resource availability.

Research Analysis

SB 1241 creates the Oklahoma Water Sustainability Act, which prioritizes efficiency when developing policy related to water resources. The measure makes study recommendations for the Oklahoma Water Resources Board and directs the board to encourage local and regional groups to efficiently maximize the use of water resources through several approaches, including the voluntary consolidation of existing infrastructure.

Prepared By: Tricia Hines

Fiscal Analysis

Per the Oklahoma Water Resources Board (OWRB), the measure has directives that are contingent upon the availability of resources, so there is currently \$0 fiscal impact anticipated for FY-19.
