

BILL SUMMARY
2nd Session of the 56th Legislature

Bill No.:	SB 1442
Version:	PCS1
Request Number:	10277
Author:	Rep. Downing
Date:	4/10/2018
Impact:	DOC: possible increase in costs

Research Analysis

The proposed Committee Substitute to SB 1442 modifies the requirements placed upon the Department of Corrections, the county sheriff and the county clerk regarding the reimbursement by the Department of Corrections for inmates held in the county jail after sentencing. The measure removes language requiring the transmittal of the judgement and sentence within business 5 days to the Department of Corrections.

Prepared By: Brad Wolgamott

Fiscal Analysis

SB 1442, which eliminates the 5 day limit for county jails to house an inmate before transferring to Dept. of Corrections (DOC) custody, may increase the cost for DOC. The eventual fiscal impact is contingent upon how many days it takes for the counties to transfer the inmate. Currently DOC pays \$27/day to the counties per inmate.
