Fiscal Analysis

Per the Oklahoma Management and Enterprise Services (OMES) the financial impact for HealthChoice for SB1546 is currently estimated to be at least \$1,200,000.

Other Considerations

OMES bases the impact to HealthChoice on provision four of section four, which would preclude HealthChoice from continuing to use the Exclusive Specialty network that is currently being utilized with the HealthChoice Pharmacy Benefit Manager.

HealthChoice is also concerned with the lack of definition for the terms “Urban Service Area”, “Suburban Service Area” and “Rural Service Area”, along with concerns with provision five of section four as this removes any incentive for members to shop for lower priced medications.
