Fiscal Analysis

The ENGR version of SB 174 broadens the scope of those who can apply for retail liquor licenses. Current law limits this to one liquor store per household; this bill increases the limit to four per household. This could increase the amount of applications for retail liquor licenses for ABLE but the exact amount is contingent upon how many applicants apply.

The current cost schedule for ABLE retail licenses are as follows:

200 – 2,500 population = 455.00 (New and Renewal)
2,500 – 5,000 population = 805.00 (New and Renewal)
Over 5,000 population = 1155.00 (New and Renewal)
