Research Analysis

The committee substitute to SB 217 modifies the Oklahoma Sex Offender Registration Act by directing the court to order the offender to report to the local law enforcement authority in the municipality or county in which the offender resides and to report to the Oklahoma Department of Corrections probation and parole office in the district in which the offender resides. The measure requires the court clerk to transmit the judgment and sentence or any plea paperwork to the Sex and Violent Offender Registration Unit of the Department of Corrections within 3 business days after the court orders the judgment and sentence. The bill requires the Department of Corrections to verify the address of habitual or aggravated sex offenders and those assigned to level 3 every 90 days. The measure requires any person subject to the provisions of the Sex Offenders Registration Act who resides with a minor child as the parent, stepparent or grandparent of the minor child, provided the minor child was not the victim of the offense for which the person is required to register, must report to the statewide centralized hotline of the Department of Human Services the name and date of birth of any and all minor children residing in the same household and the offenses for which the person is required to register pursuant to the Sex Offenders Registration Act within three days of intent to reside with a minor child.
