

BILL SUMMARY
1st Session of the 56th Legislature

Bill No.:	SB 326
Version:	ENGR
Request Number:	
Author:	Representative Pfeiffer
Date:	4/7/2017
Impact:	OMES: \$274,000 Loss in Agency Revenue

Research Analysis

The measure directs the Office of Management and Enterprise Services (OMES) to combine the following non-mandatory construction and property services into one program:

- The Roof Asset Management Program (RAMP);
- The On-Call Consultants Program;
- The Testing Program; and
- The Land Surveying Program.

The program will be managed by OMES. The measure sets a ceiling of \$50,000 on any roofing contract entered into on behalf of a state agency or political subdivision by the office of OMES through the new program.

Prepared By: Kyle Meade

Fiscal Analysis

According to the Office of Management and Enterprise Services, implementation of the measure will result in a loss of \$274,000 due to loss of fees the agency collects from projects that would exceed the proposed cap. Such a loss will likely result in discontinuation of the program.
