

BILL SUMMARY
1st Session of the 56th Legislature

Bill No.:	SB 347
Version:	ENGR
Request Number:	
Author:	Representative Russ
Date:	4/12/2017
Impact:	State Election Board: \$174 per Day; \$522 Total per County

Research Analysis

The measure authorizes the secretary of the county election board in counties with 25,000 or more registered voters, or with an area greater than 1,500 square miles, to designate more than one location as an in-person absentee polling place for an election with the approval of the Secretary of the state Election Board. Current law authorizes this only to counties with more than 100,000 voters.

Fiscal Analysis

The State Election Board would reimburse for a two-member Absentee Voting Board for each day of early voting at the alternate site during statewide elections, at a cost of \$174 per day or \$522 total for each county. The agency would also provide mileage reimbursement, if applicable.
