Research Analysis

Engrossed SB36 modifies the definition of *pistols, concealed handgun and unconcealed handgun* as it relates to the Firearms Act and Oklahoma Self Defense Act. The measure makes the terms *pistols* and *firearms* synonymous in meaning and redefines the terms to mean any firearm capable of discharging single or multiple projectiles from a single round of ammunition using a combustible propellant charge. The definition of *concealed handgun* is redefined as a loaded or unloaded pistol or handgun not openly visible to the ordinary observation of a reasonable person. The terms *unconcealed handgun* and *open carry* are also to be considered synonymous in meaning and is redefined as a loaded or unloaded pistol or handgun carried upon the person in a holster where the firearm is visible or carried upon the person using a scabbard, sling or case designed for carrying firearms.
