The program may include progressive sanctions that are to be part of the offender's treatment plan. The offender may be supervised by electronic monitoring. **Fiscal Analysis**

The ENGR version of SB 377 provides that the state reimburse the county or court in an amount not to exceed \$20 per day for each offender. The measure is unclear which state entity will be tasked with the reimbursement. The fiscal impact is contingent upon who is reimbursing, for how much, and how many times the state is required to.
