

BILL SUMMARY
1st Session of the 56th Legislature

Bill No.:	SB 743
Version:	ENGR
Request Number:	
Author:	Speaker McCall
Date:	4/12/2017
Impact:	Oklahoma Corp. Comm.: FY-18: Impact
	Estimated to be \$200,000, of which \$165,000
	would be a recurring annual charge for two FTEs,
	furniture and equipment.

Research Analysis

SB 743 creates the Oil and Gas Produced Water Recycling and Reuse Act. The measure requires the Corporation Commission to identify or list as hazardous any drilling fluids or wastes associated with oil and gas production, and to promulgate rules for recycling and reuse of those hazardous wastes.

Prepared By: Sean Webster

Fiscal Analysis

The measure contains procedures for the Oil and Gas Produced Water Recycling and Reuse Act. Per the Oklahoma Corporation Commission (OCC), meeting the requirements currently listed in the bill, the agency would require two additional FTE Oil and Gas Specialists, and the necessary equipment and furniture for the specialists. Fiscal impact is estimated to be \$200,000, of which \$165,000 would be a recurring annual charge.
