**Fiscal Analysis**

SB 840 is a correction to HB 1670 which was vetoed by the Governor. It deals with a main funding source for CLEET (the penalty assessment fee) and is determined to increase revenue for both the agency and the General Revenue Fund. According to CLEET:

At the current rate of collections, a \$1.00 increase will generate approximately \$600,000 in additional collections. However, the number of fees remitted has been decreasing at an average rate of approximate 2-3% per year...a reasonable estimate will be in the range of \$550,000-\$600,000.

The funds will be apportioned as follows (based on the maximum estimate of \$600,000):

- 60.53% is transferred to the CLEET Fund to be appropriated back to CLEET by the Legislature for operations as a part of the GA Bill (\$363,180);
- 33.64% is transferred to the CLEET Training Center Revolving Fund to be used for facility related expenses at the CLEET Ada campus (\$201,840);
- 5.83% is transferred to the General Revenue Fund (\$34,980).
