

BILL SUMMARY
2nd Session of the 56th Legislature

Bill No.:	SB925
Version:	CS
Request Number:	NA
Author:	Rep. Mike Osburn/Sen. Thompson
Date:	4/16/2018
Impact:	No Impact on Current State Budget or Revenues

Research Analysis

The committee substitute amends the Oklahoma Privatization of State Functions Act. The bill would increase the contract amount from \$100,000 to \$1,000,000 before requiring a cost analysis to be performed. The bill would require the analysis to include a provision for the protection and retention of certain third-party revenues. Finally, the bill would modify the employee notification, input and recommendation process.

Fiscal Analysis

SB 925 in its current form modifies provisions related to the process by which agencies contract for the privatization of functions. The measure could potentially lead to savings from additional privatizations but the measure has no direct fiscal impact on the current state budget or state revenues.
