

Oklahoma State Senate

Bill Summary and Fiscal Impact

Agency: DHS / DOC / OSBI

Bill Number: SB 1135

Senate Author: Floyd

House Author: Nollan

FY '19 Impact: No Fiscal Impact

Full Year Impact: No Fiscal Impact

Bill Summary and Comments: An Act relating to guardianship of a minor; Amending 30 O.S. 2011, Section 2-101. This bill requires additional levels of in-depth background checks from agency sources including DOC, DHS, and OSBI on persons being considered for guardianship of a minor and implements a fee for background check services at DHS not to exceed \$35.
For each of the involved agencies, the turnaround times on each case finding may increase simply due to the overall increase in data entries. It is anticipated that there could be around 2,750 additional cases to run per year. At this rate, DOC & OSBI will be able to take on additional caseload entries with current FTE. Any cost increases for the additional data entries at OSBI and DHS will be paid by from the fees collected for background check services.
