

Oklahoma State Senate

Bill Summary and Fiscal Impact

Agency: Board of Chiropractic Examiners

Bill Number: SB 1526

Senate Author: Thompson

House Author:

FY '19 Impact: About \$42,000

Full Year Impact: about \$42,000

Bill Summary and Comments: This bill raises the renewal fee for chiropractors by \$50 (\$225 to \$275). The agency expects to raise an additional \$42,000 a year with this change. Their current total budget is around \$261,000, with collections in FY '17 being about \$273,000 after the 10% was taken out. The fee increase is to cover the increased cost of operations since they have not had a fee change since 2009. The agency is solely funded by their fees.
