

Oklahoma State Senate

Bill Summary and Fiscal Impact

Agency: TSET

Bill Number: SB 896

Senate Author: Brecheen

House Author:

FY '19 Impact: None, permissive language

Full Year Impact: None, permissive language

Bill Summary and Comments: This bill contains permissive language that states earnings from the trust fund can be used on programs to improve health, more specifically the Oklahoma Medicaid Program. This bill is also contingent on the passage of SJR 50 (which makes the Legislature to direct the spending of the earnings of the Trust instead of the Board of Directors, provided 25% of the earnings are still spent on tobacco prevention and cessation).
