AMEND TITLE TO CONFORM TO AMENDMENTS

Amendment submitted by: Brad Boles

Adopted: _____

Reading Clerk

STATE OF OKLAHOMA

2nd Session of the 57th Legislature (2020)

PROPOSED COMMITTEE
SUBSTITUTE
FOR
HOUSE BILL NO. 3274

By: Boles

PROPOSED COMMITTEE SUBSTITUTE

An Act relating to cities and towns; amending 11 O.S.
2011, Section 24-107, which relates to Oklahoma
Municipal Power Authority; providing certain
exemptions; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 11 O.S. 2011, Section 24-107, is
amended to read as follows:

Section 24-107. (a) The Oklahoma Municipal Power Authority
shall have and is hereby authorized to exercise all powers, rights
and privileges enumerated in this section. Such powers, rights and
privileges shall be exercised by its Board of Directors unless
otherwise specifically provided herein or by the bylaws of the
Authority as in effect from time to time.

(b) The Authority may plan, finance, acquire, construct,
reconstruct, own, lease, operate, maintain, repair, improve, extend

1 or otherwise participate, individually or jointly with other
2 persons, in one or more projects, proposed, existing or under
3 construction, and may act as agent, or designate one or more
4 persons, whether or not participating in a project, to act as its
5 agent, in connection with the planning, financing, acquisition,
6 construction, reconstruction, ownership, lease, operation,
7 maintenance, repair, extension or improvement of the project.

8 (c) The Authority may investigate the desirability of and
9 necessity for additional sources and supplies of electrical energy
10 and fuel and other supplies of any kind for such purpose, and make
11 studies, surveys and estimates as may be necessary to determine the
12 feasibility and cost thereof.

13 (d) The Authority may cooperate with other persons in the
14 development of sources and supplies of electrical energy and fuel
15 and other supplies of any kind for such purposes, and give
16 assistance with personnel and equipment in any project.

17 (e) The Authority may apply to any person for consents,
18 authorizations or approvals required for any project within its
19 powers and take all actions necessary to comply with the conditions
20 thereof.

21 (f) The Authority may perform any act authorized by this act
22 through, or by means of, its officers, agents or employees or by
23 contract with any person, including, without limitation, the
24 employment of engineers, architects, attorneys, appraisers,

1 financial advisors and such other consultants and employees as may
2 be required in the judgment of the Board of Directors, and fix and
3 pay their compensation from funds available to the Authority
4 therefor.

5 (g) The Authority may acquire, hold, use and dispose of income,
6 revenues, funds and money.

7 (h) The Authority may, individually or jointly with other
8 persons, acquire, own, hire, use, operate and dispose of personal
9 property and any interest therein.

10 (i) The Authority may, individually or jointly with other
11 persons, acquire, own, use, lease as lessor or lessee, operate and
12 dispose of real property and interests in real property, including
13 projects existing, proposed or under construction, and make
14 improvements thereon.

15 (j) The Authority may grant the use by franchise, lease or
16 otherwise and make charges for the use of any property or facility
17 owned or controlled by it.

18 (k) The Authority may borrow money and issue negotiable bonds,
19 secured or unsecured, in accordance with this act, and may enter
20 into interest rate swaps and other derivative products, and other
21 financial instruments intended to hedge interest rate risk or manage
22 interest rate costs, including any option to enter into or terminate
23 any of them, that the Authority deems to be necessary or desirable
24 in connection with any bonds issued prior to, at the same time as,

1 or after entering into such arrangement, and containing such terms
2 and provisions, and may be with such parties, as determined by the
3 Authority. Provided, any action taken by the Authority pursuant to
4 this subsection must first be approved by the Office of the State
5 Bond Advisor and the Council of Bond Oversight pursuant to the
6 provisions of the Oklahoma Bond Oversight and Reform Act.

7 (l) The Authority may invest money of the Authority not
8 required for immediate use, including proceeds from the sale of any
9 bonds.

10 (m) The Authority may exercise the power of eminent domain in
11 accordance with the provisions of Section 24-110 of this title.

12 (n) The Authority may determine the location and character of,
13 and all other matters in connection with, any and all projects it is
14 authorized to acquire, hold, establish, effectuate, operate or
15 control.

16 (o) The Authority may contract with any person for the
17 planning, development, construction, operation, sale or lease as
18 lessor or lessee of any project or for any interest therein, on such
19 terms and for such period of time as its Board of Directors shall
20 determine.

21 (p) The Authority may contract with any eligible public agency,
22 any public trust, or any other person for the sale of power and
23 energy, transmission services, power supply development services or
24 other services within or without the State of Oklahoma on such terms

1 and conditions as the Board of Directors shall approve. Any such
2 contract may be for the sale of output and services of a particular
3 project or may be for output and services generally without regard
4 to a specific project and may be for the supply of a specific
5 quantity of output or a percentage of the output of a specific
6 project or other specific facility or may be based on the
7 requirements of the purchaser or may be on such other terms and
8 conditions as the Board of Directors deems appropriate.

9 (q) The Authority may enter into any contract or agreement
10 necessary, appropriate or incidental to the effectuation of its
11 lawful purposes and the exercise of the powers granted by this act,
12 including, without limitation, contracts or agreements for the
13 purchase, sale, exchange, interchange, wheeling, pooling,
14 transmission or storage of electric power and energy, and fuel and
15 other supplies of any kind for any such purposes, within and without
16 the State of Oklahoma, in such amounts as it shall determine to be
17 necessary and appropriate to make the most effective use of its
18 powers and to meet its responsibilities, on such terms and for such
19 period of time as the Board of Directors determines, and derivative
20 or other instruments intended to hedge fuel cost risk associated
21 with any projects or power purchases or supply arrangements of the
22 Authority, or to hedge fixed or variable interest rate exposure
23 associated with permitted investments, including any option to enter
24 into or terminate any of them, that the Authority deems to be

1 necessary or desirable, and containing such terms and provisions,
2 and may be with such parties, as determined by the Authority.

3 (r) In any case in which the Authority participates in a
4 project as a joint owner with one or more persons, the Authority may
5 enter into an agreement or agreements with respect to such project
6 with the other person or persons participating therein, and any such
7 agreement may contain such terms, conditions and provisions
8 consistent with the provisions of the act as the parties thereto
9 shall deem to be in their best interest. Any such agreement may
10 include, but need not be limited to, provisions defining what
11 constitutes a default thereunder and providing for the rights and
12 remedies of the parties thereto upon the occurrence of such a
13 default deemed appropriate by the Board of Directors including, to
14 the extent deemed appropriate, the acquisition by nondefaulting
15 parties of all or any part of the defaulting party's interest;
16 provisions setting forth such restraints on alienation of the
17 interests of the parties in the project as the Board of Directors
18 deems appropriate; provisions for the construction, operation and
19 maintenance of such electric generation or transmission facility by
20 any one or more of the parties to such agreement which party or
21 parties shall be designated in or pursuant to such agreement as
22 agent or parties thereto or by such other means as may be determined
23 by the parties thereto; and provisions for a method or methods of
24 determining and allocating, among or between the parties, costs of

1 construction, operation, maintenance, renewals, replacements,
2 improvements and disposals with respect to such project. In
3 exercising its power to participate in a project as a joint owner
4 with one or more persons, the Authority may not loan its credit to
5 any person which is a joint owner of such project; provided,
6 however, the appropriate allocations of the costs of construction,
7 operation, maintenance, renewals, replacements, improvements and
8 disposals with respect to such project between the Authority and
9 such persons shall not be a loan of credit by the Authority to such
10 persons. In carrying out its functions and activities as such agent
11 with respect to construction, operation and maintenance of a
12 project, such agent shall be governed by the laws and regulations
13 applicable to such agent as a separate legal entity and not by any
14 laws or regulations which may be applicable to any of the other
15 participating parties. Notwithstanding anything contained in any
16 other law to the contrary, pursuant to the terms of any such
17 agreement, the Authority may delegate its powers and duties with
18 respect to the construction, operation and maintenance of such
19 project to the person acting as agent; and all actions taken by such
20 agent in accordance with the provisions of such agreement may be
21 made binding upon the Authority without further action or approval
22 by the Authority.

23 (s) The Authority may procure insurance against any losses in
24 connection with its property, operations or assets in such amounts

1 and from such insurers as it deems desirable, or may self-insure
2 against such losses.

3 (t) The Authority may contract for and accept any gifts, grants
4 or loans of funds or property or financial or other aid in any form
5 from any person, and may comply, subject to the provisions of this
6 act, with the terms and conditions thereof.

7 (u) The Authority may adopt a corporate seal and may sue or be
8 sued.

9 (v) The Authority may exercise all other powers not
10 inconsistent with the Constitution of the State of Oklahoma or the
11 United States Constitution, which powers may be reasonably necessary
12 or appropriate for or incidental to effectuate its authorized
13 purposes or to the exercise of any of the powers enumerated in this
14 act.

15 (w) Notwithstanding any other provision herein seemingly to the
16 contrary, the Authority may not sell output (i) at retail to the
17 ultimate consumers thereof, (ii) to any municipality which does not
18 qualify as an eligible public agency under the definition set forth
19 in subsection (d) of Section 24-105 of this title, or (iii) to any
20 trust created and existing under the provisions of the Local
21 Industrial Development Act, as provided by Sections 651 et seq. of
22 Title 62 of the Oklahoma Statutes, or the Trusts for Furtherance of
23 Public Functions Law, as provided by Sections 176 et seq. of Title
24 60 of the Oklahoma Statutes, which does not qualify as a public

1 trust under the definition set forth in subsection (g) of Section
2 24-105 of this title.

3 (x) In addition to the powers, rights and privileges granted in
4 this section, the Authority shall be exempt from the provisions of:

5 1. The Oklahoma Open Records Act exclusively limited to
6 security plans and procedures, including, but not limited to,
7 cybersecurity matters, in the Authority's role as an electric
8 utility regulated by the federal government;

9 2. The Oklahoma Open Meetings Act, exclusively limited to
10 authorizing the Authority's Board of Directors to confer on security
11 plans and procedures, including, but not limited to, cybersecurity
12 matters, in the Authority's role as an electric utility regulated by
13 the federal government; and

14 3. The Information Technology Consolidation and Coordination
15 Act.

16 SECTION 2. This act shall become effective November 1, 2020.
