1 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

2 SECTION 1. AMENDATORY 56 O.S. 2011, Section 1011.5, is  
3 amended to read as follows:

4 Section 1011.5. A. 1. The Oklahoma Health Care Authority ~~in~~  
5 ~~cooperation with the State Department of Health, a statewide~~  
6 ~~organization of the elderly, representatives of the Health and Human~~  
7 ~~Services Interagency Task Force on long term care, and~~  
8 ~~representatives of both statewide associations of nursing facility~~  
9 ~~operators~~ shall develop an incentive reimbursement rate plan for  
10 nursing facilities that shall include, but may not be limited to,  
11 the following:

12 1. ~~Quality of life indicators that relate to total management~~  
13 ~~initiatives;~~

14 2. ~~Quality of care indicators;~~

15 3. ~~Family and resident satisfaction survey results;~~

16 4. ~~State Department of Health survey results;~~

17 5. ~~Employee satisfaction survey results;~~

18 6. ~~CNA training and education requirements;~~

19 7. ~~Patient acuity level;~~

20 8. ~~Direct care expenditures pursuant to subparagraph c of~~  
21 ~~paragraph 2 of subsection I of Section 1-1925.2 of Title 63 of the~~  
22 ~~Oklahoma Statutes; and~~

23 9. ~~Other incentives which include, without limitation,~~  
24 ~~participation in quality initiative activities performed and/or~~

1 ~~recommended by the Oklahoma Foundation for Medical Quality in~~  
2 ~~capital improvements, in service education of direct staff, and~~  
3 ~~procurement of reasonable amounts of liability insurance~~ focused on  
4 improving resident outcomes and resident quality of life.

5       2. Under the current rate methodology, the Authority shall  
6 reserve Five Dollars (\$5.00) per patient day designated for the  
7 quality assurance component that nursing facilities can earn for  
8 improvement or performance achievement of resident-centered outcomes  
9 metrics. To fund the quality assurance component, Two Dollars  
10 (\$2.00) shall be deducted from each nursing facility's per diem  
11 rate, and matched with Three Dollars (\$3.00) per day funded by the  
12 Authority. Payments to nursing facilities that achieve specific  
13 metrics shall be treated as an "add back" to their net reimbursement  
14 per diem. Dollar values assigned to each metric shall be determined  
15 so that an average of the five-dollar-quality incentive is made to  
16 qualifying nursing facilities.

17       3. Pay-for-performance payments may be earned quarterly and  
18 based on facility-specific performance achievement of four equally-  
19 weighted, Long-Stay Quality Measures as defined by the Centers for  
20 Medicare and Medicaid Services (CMS).

21       4. Contracted Medicaid long-term care providers may earn  
22 payment by achieving either five percent (5%) relative improvement  
23 each quarter from baseline or by achieving the National Average  
24 Benchmark or better for each individual quality metric.

1        5. Pursuant to federal Medicaid approval, any funds that remain  
2 as a result of providers failing to meet the quality assurance  
3 metrics shall be pooled and redistributed to those who achieve the  
4 quality assurance metrics each quarter. If federal approval is not  
5 received, any remaining funds shall be deposited in the Nursing  
6 Facility Quality of Care Fund authorized in Section 2002 of this  
7 title.

8        6. The Authority shall establish an advisory group with  
9 consumer, provider and state agency representation to recommend  
10 quality measures to be included in the pay-for-performance program  
11 and to provide feedback on program performance and recommendations  
12 for improvement. The quality measures shall be reviewed annually  
13 and shall be subject to change every three (3) years through the  
14 agency's promulgation of rules. The Authority shall insure  
15 adherence to the following criteria in determining the quality  
16 measures:

- 17            a. provides direct benefit to resident care outcomes,
- 18            b. applies to long-stay residents, and
- 19            c. addresses a need for quality improvement using the  
20                Centers for Medicare and Medicaid Services (CMS)  
21                ranking for Oklahoma.

22        7. The Authority shall begin the pay-for-performance program  
23 focusing on improving the following CMS nursing home quality  
24 measures:

- a. percentage of long-stay, high-risk residents with pressure ulcers,
- b. percentage of long-stay residents who lose too much weight,
- c. percentage of long-stay residents with a urinary tract infection, and
- d. percentage of long-stay residents who got an antipsychotic medication.

B. The Oklahoma Health Care Authority shall negotiate with the Centers for Medicare and Medicaid Services to include the authority to base provider reimbursement rates for nursing facilities on the criteria specified in subsection A of this section.

C. The Oklahoma Health Care Authority shall ~~make refinements to the incentive reimbursement rate plan~~ audit the program to ensure transparency and integrity. ~~These refinements shall include, but may not be limited to, the following:~~

- ~~1. Establishing minimum standard for incentive payments, through higher percentiles using evidence-based criteria or introduction of absolute standards above the current benchmark;~~
- ~~2. Using state survey results as a threshold metric for determining if facilities should receive incentive payment and suspend facilities falling below the threshold;~~
- ~~3. Taking steps to strengthen data collection process; and~~

1       4. ~~Establishing an advisory group with consumer, provider and~~  
2 ~~state agency representation to provide feedback on program~~  
3 ~~performance and recommendations for improvements.~~

4       D. The Oklahoma Health Care Authority shall provide an annual  
5 report of the incentive reimbursement rate plan to the Governor, the  
6 Speaker of the House of Representatives, and the President Pro  
7 Tempore of the Senate by December 31 of each year. The report shall  
8 include, but not be limited to, an analysis of the previous fiscal  
9 year including incentive payments, ratings, and notable trends.

10       SECTION 2.       AMENDATORY       56 O.S. 2011, Section 2002, as  
11 last amended by Section 1, Chapter 183, O.S.L. 2013 (56 O.S. Supp.  
12 2018, Section 2002), is amended to read as follows:

13       Section 2002. A. For the purpose of providing quality care  
14 enhancements, the Oklahoma Health Care Authority is authorized to  
15 and shall assess a Nursing Facilities Quality of Care Fee pursuant  
16 to this section upon each nursing facility licensed in this state.  
17 Facilities operated by the Oklahoma Department of Veterans Affairs  
18 shall be exempt from this fee. Quality of care enhancements  
19 include, but are not limited to, the purposes specified in this  
20 section.

21       B. As a basis for determining the Nursing Facilities Quality of  
22 Care Fee assessed upon each licensed nursing facility, the Authority  
23 shall calculate a uniform per-patient day rate. The rate shall be  
24 calculated by dividing six percent (6%) of the total annual patient

1 gross receipts of all licensed nursing facilities in this state by  
2 the total number of patient days for all licensed nursing facilities  
3 in this state. The result shall be the per-patient day rate.

4 Beginning July 15, 2004, the Nursing Facilities Quality of Care Fee  
5 shall not be increased unless specifically authorized by the  
6 Legislature.

7 C. Pursuant to any approved Medicaid waiver and pursuant to  
8 subsection N of this section, the Nursing Facilities Quality of Care  
9 Fee shall not exceed the amount or rate allowed by federal law for  
10 nursing home licensed bed days.

11 D. The Nursing Facilities Quality of Care Fee owed by a  
12 licensed nursing facility shall be calculated by the Authority by  
13 adding the daily patient census of a licensed nursing facility, as  
14 reported by the facility for each day of the month, and by  
15 multiplying the ensuing figure by the per-patient day rate  
16 determined pursuant to the provisions of subsection B of this  
17 section.

18 E. Each licensed nursing facility which is assessed the Nursing  
19 Facilities Quality of Care Fee shall be required to file a report on  
20 a monthly basis with the Authority detailing the daily patient  
21 census and patient gross receipts at such time and in such manner as  
22 required by the Authority.

23 F. 1. The Nursing Facilities Quality of Care Fee for a  
24 licensed nursing facility for the period beginning October 1, 2000,

1 shall be determined using the daily patient census and annual  
2 patient gross receipts figures reported to the Authority for the  
3 calendar year 1999 upon forms supplied by the Authority.

4 2. Annually the Nursing Facilities Quality of Care Fee shall be  
5 determined by:

- 6 a. using the daily patient census and patient gross  
7 receipts reports received by the Authority for the  
8 most recent available twelve (12) months, and
- 9 b. annualizing those figures.

10 Each year thereafter, the annualization of the Nursing  
11 Facilities Quality of Care Fee specified in this paragraph shall be  
12 subject to the limitation in subsection B of this section unless the  
13 provision of subsection C of this section is met.

14 G. The payment of the Nursing Facilities Quality of Care Fee by  
15 licensed nursing facilities shall be an allowable cost for Medicaid  
16 reimbursement purposes.

17 H. 1. There is hereby created in the State Treasury a  
18 revolving fund to be designated the "Nursing Facility Quality of  
19 Care Fund".

20 2. The fund shall be a continuing fund, not subject to fiscal

5           fund.

6           3. All monies accruing to the credit of the fund are hereby  
7 appropriated and shall be budgeted and expended by the Authority  
8 for:

9           a. reimbursement of the additional costs paid to  
10           Medicaid-certified nursing facilities for purposes  
11           specified by Sections 1-1925.2, ~~5022.1~~ and 5022.2 of  
12           Title 63 of the Oklahoma Statutes,

5           for such qualified Medicare beneficiaries shall be  
6           suspended if the federal government subsequently  
7           extends pharmacy benefits to this population,

9 Nursing Facilities Quality of Care Fee less the portion of that  
10 increase attributable to treating the Nursing Facilities Quality of  
11 Care Fee as an allowable cost.

12 7. The reimbursement rate for nursing facilities shall be made  
13 in accordance with Oklahoma's Medicaid reimbursement rate  
14 methodology and the provisions of this section.

15 8. No nursing facility shall be guaranteed, expressly or  
16 otherwise, that any additional costs reimbursed to the facility will  
17 equal or exceed the amount of the Nursing Facilities Quality of Care  
18 Fee paid by the nursing facility.

19 I. 1. In the event that federal financial participation  
20 pursuant to Title XIX of the Social Security Act is not available to

17 provision thereof directly involved in the controversy in which such  
18 judgment was rendered. The applicability of such provision to other  
19 persons or circumstances shall not be affected thereby.

20 2. This subsection shall not apply to any judgment that affects

22 applicability to all licensed nursing homes in the state, the usage  
23 of the fee for the purposes prescribed in this section, ~~and/or~~ or

19               expenditures relating to direct care staffing. No

19 shall be a facility-specific rate, directly  
20 related to each facility's actual expenditures on

7 available. The limit on this array shall be no  
8 less than the ninetieth percentile,
- 9 (2) each facility's direct care base-year component  
10 of the rate shall be the lesser of the facility's  
11 allowable expenditures on direct care or the

2           adjusted, nursing home rates and Intermediate  
3           Care Facilities for Individuals with Intellectual  
4           Disabilities (ICFs/IID) rates shall not be  
5           adjusted less favorably than the average  
6           percentage-rate reduction or increase applicable  
7           to the majority of other provider groups.

8           g. (1) Effective October 1, 2019, if sufficient funding  
9           is appropriated for a rate increase, a new  
10           average rate for nursing facilities shall be

18           shall continue to be distributed as a part  
19           of the base rate in accordance with the

23           act, fifty percent (50%) of the resulting  
24           increase on October 1, 2019, shall be

1                   allocated toward an increase of the existing  
2                   base reimbursement rate and distributed  
3                   accordingly. The remaining fifty percent

5                   accordance with the currently approved 70/30  
6                   reimbursement rate methodology as outlined  
7                   in the existing State Plan.

8           (2) Any subsequent rate increases, as determined  
9           based on the provisions set forth in this  
10           subparagraph, shall be allocated in accordance  
11           with the currently approved 70/30 reimbursement  
12           rate methodology. The rate shall not exceed the  
13           upper payment limit established by the Medicare

5 reflects the sum of Ninety-four Dollars and eleven cents (\$94.11),  
6 plus the increases in actual audited costs, over and above the  
7 actual audited costs reflected in the cost reports submitted for the  
8 most current cost-reporting period, and the direct-care, flexible  
9 staff-scheduling staffing level has been prospectively ~~funding~~  
10 funded at four and one-tenth (4.1) hours per day per occupied bed,  
11 the Authority may apportion funds for the implementation of the  
12 provisions of this section.
