9 insurer is in a RBC action level event, meets one or more of the
10 standards of an insurer deemed to be in hazardous financial
11 condition, or otherwise exhibits qualities of a troubled insurer.

12 ~~J.~~ K. For purposes of this section, prior calendar year direct
13 written and assumed premiums shall be the combined total of direct

16 ~~K.~~ L. An insurer with direct written and assumed premium,
17 excluding premiums reinsured with the Federal Crop Insurance
18 Corporation and Federal Flood Program, of less than Five Hundred

This assurance shall be provided by performing general and specific audits, reviews and tests and by employing other techniques deemed necessary to protect assets, evaluate control

1 effectiveness and efficiency and evaluate compliance with policies
2 and regulations.

3 C. In order to ensure that internal auditors remain objective,
4 the internal audit function shall be independent of the
5 organization. The internal audit function shall not defer ultimate
6 judgment on audit matters to any other person or persons, and shall
7 appoint an individual to head the internal audit function, who will

15 ~~act~~ title excluded from the Section 404 Report. If there are
16 internal controls of the insurer or group of insurers that have a
17 material impact on the preparation of the insurer's or group of
18 insurers' audited statutory financial statements and those internal
19 controls were not included in the scope of the Section 404 Report,
20 the insurer or group of insurers may either file a report pursuant
21 to this section or the Section 404 Report and a report pursuant to
22 this section for those internal controls that have a material impact
23 on the preparation of the insurer's or group of insurers' audited
24

1 statutory financial statements not covered by the Section 404

18 included and whether any internal controls were excluded;

19 5. Disclosure of any unremediated material weaknesses in the
20 internal control over financial reporting identified by management
21 as of December 31 immediately preceding. Management is not

1 accounting principles if there is one or more unremediated material
2 weaknesses in its internal control over financial reporting;

3 6. A statement regarding the inherent limitations of internal
4 control systems; and

5 7. Signatures of the chief executive officer and the chief
6 financial officer or equivalent positions or titles.

7 E. Management shall document and make available upon financial
8 condition examination the basis upon which its assertions, required
9 in subsection D of this section, are made. Management may base its
10 assertions, in part, upon its review, monitoring, and testing of
11 internal controls undertaken in the normal course of its activities.

12 1. Management shall have discretion as to the nature of the
13 internal control framework used, and the nature and extent of
14 documentation, in order to make its assertion in a cost-effective

5 compliance with the Oklahoma Annual Financial Report Act would
6 constitute a financial or organizational hardship upon the insurer.
7 An exemption may be granted at any time and from time to time for a
8 specified period or periods. Within ten (10) days from a denial of
9 the written request of an insurer for an exemption from the Oklahoma
