14 adoption expenses paid by a resident individual taxpayer in  
15 connection with:

2 married filing joint return filing status.

3 D. The Tax Commission shall promulgate rules to implement the  
4 provisions of this section which shall contain a specific list of  
5 nonrecurring adoption expenses which may be presumed to qualify for  
6 the tax credit. The Tax Commission shall prescribe necessary  
7 requirements for verification.

9 amount which is the same portion thereof as the loss  
10 from sources within this state, as determined pursuant  
11 to this section and Section 2362 of this title, for

12          years. For tax years beginning after December 31,

16          Section 172, with the exception that the terms "net  
17          operating loss" and "taxable income" shall be replaced  
18          with "Oklahoma net operating loss" and "Oklahoma  
19          taxable income".

20          4. Items of the following nature shall be allocated as  
21          indicated. Allowable deductions attributable to items separately  
22          allocable in subparagraphs a, b and c of this paragraph, whether or  
23          not such items of income were actually received, shall be allocated  
24          on the same basis as those items:

1           a.   Income from real and tangible personal property, such  
2               as rents, oil and mining production or royalties, and  
3               gains or losses from sales of such property, shall be  
4               allocated in accordance with the situs of such  
5               property;

6           b.   Income from intangible personal property, such as  
7               interest, dividends, patent or copyright royalties,  
8               and gains or losses from sales of such property, shall  
9               be allocated in accordance with the domiciliary situs  
10              of the taxpayer, except that:

11           (1)   where such property has acquired a nonunitary  
12               business or commercial situs apart from the  
13               domicile of the taxpayer such income shall be  
14               allocated in accordance with such business or  
15               commercial situs; interest income from  
16               investments held to generate working capital for  
17               a unitary business enterprise shall be included  
18               in apportionable income; a resident trust or  
19               resident estate shall be treated as having a  
20               separate commercial or business situs insofar as  
21               undistributed income is concerned, but shall not  
22               be treated as having a separate commercial or  
23               business situs insofar as distributed income is  
24               concerned,

(2) for taxable years beginning after December 31, 2003, capital or ordinary gains or losses from the sale of an ownership interest in a publicly traded partnership, as defined by Section 7704(b) of the Internal Revenue Code, shall be allocated to this state in the ratio of the original cost of such partnership's tangible property in this state to the original cost of such partnership's tangible property everywhere, as determined at the time of the sale; if more than fifty percent (50%) of the value of the partnership's assets consists of intangible assets, capital or ordinary gains or losses from the sale of an ownership interest in the partnership shall be allocated to this state in accordance with the sales factor of the partnership for its first full tax period immediately preceding its tax period during which the ownership interest in the partnership was sold; the provisions of this division shall only apply if the capital or ordinary gains or losses from the sale of an ownership interest in a partnership do not constitute qualifying gain receiving capital

1 treatment as defined in subparagraph a of  
2 paragraph 2 of subsection F of this section,

3 (3) income from such property which is required to be  
4 allocated pursuant to the provisions of paragraph  
5 5 of this subsection shall be allocated as herein  
6 provided;

7 c. Net income or loss from a business activity which is  
8 not a part of business carried on within or without  
9 the state of a unitary character shall be separately  
10 allocated to the state in which such activity is  
11 conducted;

12 d. In the case of a manufacturing or processing  
13 enterprise the business of which in Oklahoma consists  
14 solely of marketing its products by:

15 (1) sales having a situs without this state, shipped  
16 directly to a point from without the state to a  
17 purchaser within the state, commonly known as  
18 interstate sales,

19 (2) sales of the product stored in public warehouses  
20 within the state pursuant to "in transit"  
21 tariffs, as prescribed and allowed by the  
22 Interstate Commerce Commission, to a purchaser  
23 within the state,  
24

1 (3) sales of the product stored in public warehouses  
2 within the state where the shipment to such  
3 warehouses is not covered by "in transit"  
4 tariffs, as prescribed and allowed by the  
5 Interstate Commerce Commission, to a purchaser  
6 within or without the state,

7 the Oklahoma net income shall, at the option of the  
8 taxpayer, be that portion of the total net income of  
9 the taxpayer for federal income tax purposes derived  
10 from the manufacture and/or processing and sales  
11 everywhere as determined by the ratio of the sales  
12 defined in this section made to the purchaser within  
13 the state to the total sales everywhere. The term  
14 "public warehouse" as used in this subparagraph means  
15 a licensed public warehouse, the principal business of  
16 which is warehousing merchandise for the public;

17 e. In the case of insurance companies, Oklahoma taxable  
18 income shall be taxable income of the taxpayer for  
19 federal tax purposes, as adjusted for the adjustments  
20 provided pursuant to the provisions of paragraphs 1  
21 and 2 of this subsection, apportioned as follows:

22 (1) except as otherwise provided by division (2) of  
23 this subparagraph, taxable income of an insurance  
24 company for a taxable year shall be apportioned

1 to this state by multiplying such income by a  
2 fraction, the numerator of which is the direct  
3 premiums written for insurance on property or  
4 risks in this state, and the denominator of which  
5 is the direct premiums written for insurance on  
6 property or risks everywhere. For purposes of  
7 this subsection, the term "direct premiums  
8 written" means the total amount of direct  
9 premiums written, assessments and annuity  
10 considerations as reported for the taxable year  
11 on the annual statement filed by the company with  
12 the Insurance Commissioner in the form approved  
13 by the National Association of Insurance  
14 Commissioners, or such other form as may be  
15 prescribed in lieu thereof,

- 16 (2) if the principal source of premiums written by an  
17 insurance company consists of premiums for  
18 reinsurance accepted by it, the taxable income of  
19 such company shall be apportioned to this state  
20 by multiplying such income by a fraction, the  
21 numerator of which is the sum of (a) direct  
22 premiums written for insurance on property or  
23 risks in this state, plus (b) premiums written  
24 for reinsurance accepted in respect of property

1 or risks in this state, and the denominator of  
2 which is the sum of (c) direct premiums written  
3 for insurance on property or risks everywhere,  
4 plus (d) premiums written for reinsurance  
5 accepted in respect of property or risks  
6 everywhere. For purposes of this paragraph,  
7 premiums written for reinsurance accepted in  
8 respect of property or risks in this state,  
9 whether or not otherwise determinable, may at the  
10 election of the company be determined on the  
11 basis of the proportion which premiums written  
12 for insurance accepted from companies  
13 commercially domiciled in Oklahoma bears to  
14 premiums written for reinsurance accepted from  
15 all sources, or alternatively in the proportion  
16 which the sum of the direct premiums written for  
17 insurance on property or risks in this state by  
18 each ceding company from which reinsurance is  
19 accepted bears to the sum of the total direct  
20 premiums written by each such ceding company for  
21 the taxable year.

22 5. The net income or loss remaining after the separate  
23 allocation in paragraph 4 of this subsection, being that which is  
24 derived from a unitary business enterprise, shall be apportioned to

1 this state on the basis of the arithmetical average of three factors  
2 consisting of property, payroll and sales or gross revenue  
3 enumerated as subparagraphs a, b and c of this paragraph. Net  
4 income or loss as used in this paragraph includes that derived from  
5 patent or copyright royalties, purchase discounts, and interest on  
6 accounts receivable relating to or arising from a business activity,  
7 the income from which is apportioned pursuant to this subsection,  
8 including the sale or other disposition of such property and any  
9 other property used in the unitary enterprise. Deductions used in  
10 computing such net income or loss shall not include taxes based on  
11 or measured by income. Provided, for corporations whose property  
12 for purposes of the tax imposed by Section 2355 of this title has an  
13 initial investment cost equaling or exceeding Two Hundred Million  
14 Dollars (\$200,000,000.00) and such investment is made on or after  
15 July 1, 1997, or for corporations which expand their property or  
16 facilities in this state and such expansion has an investment cost  
17 equaling or exceeding Two Hundred Million Dollars (\$200,000,000.00)  
18 over a period not to exceed three (3) years, and such expansion is  
19 commenced on or after January 1, 2000, the three factors shall be  
20 apportioned with property and payroll, each comprising twenty-five  
21 percent (25%) of the apportionment factor and sales comprising fifty  
22 percent (50%) of the apportionment factor. The apportionment  
23 factors shall be computed as follows:

1           a.    The property factor is a fraction, the numerator of  
2                which is the average value of the taxpayer's real and  
3                tangible personal property owned or rented and used in  
4                this state during the tax period and the denominator  
5                of which is the average value of all the taxpayer's  
6                real and tangible personal property everywhere owned  
7                or rented and used during the tax period.

8               (1)   Property, the income from which is separately  
9                allocated in paragraph 4 of this subsection,  
10              shall not be included in determining this  
11              fraction.   The numerator of the fraction shall  
12              include a portion of the investment in  
13              transportation and other equipment having no  
14              fixed situs, such as rolling stock, buses, trucks  
15              and trailers, including machinery and equipment  
16              carried thereon, airplanes, salespersons'  
17              automobiles and other similar equipment, in the  
18              proportion that miles traveled in Oklahoma by  
19              such equipment bears to total miles traveled,

20              (2)   Property owned by the taxpayer is valued at its  
21              original cost.   Property rented by the taxpayer  
22              is valued at eight times the net annual rental  
23              rate.   Net annual rental rate is the annual  
24              rental rate paid by the taxpayer, less any annual

1                   rental rate received by the taxpayer from  
2                   subrentals,

3           (3)   The average value of property shall be determined  
4                   by averaging the values at the beginning and  
5                   ending of the tax period but the Oklahoma Tax  
6                   Commission may require the averaging of monthly  
7                   values during the tax period if reasonably  
8                   required to reflect properly the average value of  
9                   the taxpayer's property;

10          b.   The payroll factor is a fraction, the numerator of  
11                   which is the total compensation for services rendered  
12                   in the state during the tax period, and the  
13                   denominator of which is the total compensation for  
14                   services rendered everywhere during the tax period.  
15                   "Compensation", as used in this subsection means those  
16                   paid-for services to the extent related to the unitary  
17                   business but does not include officers' salaries,  
18                   wages and other compensation.

19          (1)   In the case of a transportation enterprise, the  
20                   numerator of the fraction shall include a portion  
21                   of such expenditure in connection with employees  
22                   operating equipment over a fixed route, such as  
23                   railroad employees, airline pilots, or bus  
24                   drivers, in this state only a part of the time,

1 in the proportion that mileage traveled in  
2 Oklahoma bears to total mileage traveled by such  
3 employees,

4 (2) In any case the numerator of the fraction shall  
5 include a portion of such expenditures in  
6 connection with itinerant employees, such as  
7 traveling salespersons, in this state only a part  
8 of the time, in the proportion that time spent in  
9 Oklahoma bears to total time spent in furtherance  
10 of the enterprise by such employees;

11 c. The sales factor is a fraction, the numerator of which  
12 is the total sales or gross revenue of the taxpayer in  
13 this state during the tax period, and the denominator  
14 of which is the total sales or gross revenue of the  
15 taxpayer everywhere during the tax period. "Sales",  
16 as used in this subsection does not include sales or  
17 gross revenue which are separately allocated in  
18 paragraph 4 of this subsection.

19 (1) Sales of tangible personal property have a situs  
20 in this state if the property is delivered or  
21 shipped to a purchaser other than the United  
22 States government, within this state regardless  
23 of the FOB point or other conditions of the sale;  
24 or the property is shipped from an office, store,

1 warehouse, factory or other place of storage in  
2 this state and (a) the purchaser is the United  
3 States government or (b) the taxpayer is not  
4 doing business in the state of the destination of  
5 the shipment.

6 (2) In the case of a railroad or interurban railway  
7 enterprise, the numerator of the fraction shall  
8 not be less than the allocation of revenues to  
9 this state as shown in its annual report to the  
10 Corporation Commission.

11 (3) In the case of an airline, truck or bus  
12 enterprise or freight car, tank car, refrigerator  
13 car or other railroad equipment enterprise, the  
14 numerator of the fraction shall include a portion  
15 of revenue from interstate transportation in the  
16 proportion that interstate mileage traveled in  
17 Oklahoma bears to total interstate mileage  
18 traveled.

19 (4) In the case of an oil, gasoline or gas pipeline  
20 enterprise, the numerator of the fraction shall  
21 be either the total of traffic units of the  
22 enterprise within Oklahoma or the revenue  
23 allocated to Oklahoma based upon miles moved, at  
24 the option of the taxpayer, and the denominator

1 of which shall be the total of traffic units of  
2 the enterprise or the revenue of the enterprise  
3 everywhere as appropriate to the numerator. A  
4 "traffic unit" is hereby defined as the  
5 transportation for a distance of one (1) mile of  
6 one (1) barrel of oil, one (1) gallon of gasoline  
7 or one thousand (1,000) cubic feet of natural or  
8 casinghead gas, as the case may be.

9 (5) In the case of a telephone or telegraph or other  
10 communication enterprise, the numerator of the  
11 fraction shall include that portion of the  
12 interstate revenue as is allocated pursuant to  
13 the accounting procedures prescribed by the  
14 Federal Communications Commission; provided that  
15 in respect to each corporation or business entity  
16 required by the Federal Communications Commission  
17 to keep its books and records in accordance with  
18 a uniform system of accounts prescribed by such  
19 Commission, the intrastate net income shall be  
20 determined separately in the manner provided by  
21 such uniform system of accounts and only the  
22 interstate income shall be subject to allocation  
23 pursuant to the provisions of this subsection.  
24 Provided further, that the gross revenue factors

1                   shall be those as are determined pursuant to the  
2                   accounting procedures prescribed by the Federal  
3                   Communications Commission.

4           In any case where the apportionment of the three factors  
5   prescribed in this paragraph attributes to Oklahoma a portion of net  
6   income of the enterprise out of all appropriate proportion to the  
7   property owned and/or business transacted within this state, because  
8   of the fact that one or more of the factors so prescribed are not  
9   employed to any appreciable extent in furtherance of the enterprise;  
10   or because one or more factors not so prescribed are employed to a  
11   considerable extent in furtherance of the enterprise; or because of  
12   other reasons, the Tax Commission is empowered to permit, after a  
13   showing by taxpayer that an excessive portion of net income has been  
14   attributed to Oklahoma, or require, when in its judgment an  
15   insufficient portion of net income has been attributed to Oklahoma,  
16   the elimination, substitution, or use of additional factors, or  
17   reduction or increase in the weight of such prescribed factors.  
18   Provided, however, that any such variance from such prescribed  
19   factors which has the effect of increasing the portion of net income  
20   attributable to Oklahoma must not be inherently arbitrary, and  
21   application of the recomputed final apportionment to the net income  
22   of the enterprise must attribute to Oklahoma only a reasonable  
23   portion thereof.

6. For calendar years 1997 and 1998, the owner of a new or expanded agricultural commodity processing facility in this state may exclude from Oklahoma taxable income, or in the case of an individual, the Oklahoma adjusted gross income, fifteen percent (15%) of the investment by the owner in the new or expanded agricultural commodity processing facility. For calendar year 1999, and all subsequent years, the percentage, not to exceed fifteen percent (15%), available to the owner of a new or expanded agricultural commodity processing facility in this state claiming the exemption shall be adjusted annually so that the total estimated reduction in tax liability does not exceed One Million Dollars (\$1,000,000.00) annually. The Tax Commission shall promulgate rules for determining the percentage of the investment which each eligible taxpayer may exclude. The exclusion provided by this paragraph shall be taken in the taxable year when the investment is made. In the event the total reduction in tax liability authorized by this paragraph exceeds One Million Dollars (\$1,000,000.00) in any calendar year, the Tax Commission shall permit any excess over One Million Dollars (\$1,000,000.00) and shall factor such excess into the percentage for subsequent years. Any amount of the exemption permitted to be excluded pursuant to the provisions of this paragraph but not used in any year may be carried forward as an exemption from income pursuant to the provisions of this paragraph

1 for a period not exceeding six (6) years following the year in which  
2 the investment was originally made.

3 For purposes of this paragraph:

4 a. "Agricultural commodity processing facility" means  
5 building, structures, fixtures and improvements used  
6 or operated primarily for the processing or production  
7 of marketable products from agricultural commodities.  
8 The term shall also mean a dairy operation that  
9 requires a depreciable investment of at least Two  
10 Hundred Fifty Thousand Dollars (\$250,000.00) and which  
11 produces milk from dairy cows. The term does not  
12 include a facility that provides only, and nothing  
13 more than, storage, cleaning, drying or transportation  
14 of agricultural commodities, and

15 b. "Facility" means each part of the facility which is  
16 used in a process primarily for:

17 (1) the processing of agricultural commodities,  
18 including receiving or storing agricultural  
19 commodities, or the production of milk at a dairy  
20 operation,

21 (2) transporting the agricultural commodities or  
22 product before, during or after the processing,  
23 or  
24

1           (3) packaging or otherwise preparing the product for  
2           sale or shipment.

3       7. Despite any provision to the contrary in paragraph 3 of this  
4 subsection, for taxable years beginning after December 31, 1999, in  
5 the case of a taxpayer which has a farming loss, such farming loss  
6 shall be considered a net operating loss carryback in accordance  
7 with and to the extent of the Internal Revenue Code, 26 U.S.C.,  
8 Section 172(b)(G). However, the amount of the net operating loss  
9 carryback shall not exceed the lesser of:

10           a. Sixty Thousand Dollars (\$60,000.00), or

11           b. the loss properly shown on Schedule F of the Internal  
12 Revenue Service Form 1040 reduced by one-half (1/2) of  
13 the income from all other sources other than reflected  
14 on Schedule F.

15       8. In taxable years beginning after December 31, 1995, all  
16 qualified wages equal to the federal income tax credit set forth in  
17 26 U.S.C.A., Section 45A, shall be deducted from taxable income.  
18 The deduction allowed pursuant to this paragraph shall only be  
19 permitted for the tax years in which the federal tax credit pursuant  
20 to 26 U.S.C.A., Section 45A, is allowed. For purposes of this  
21 paragraph, "qualified wages" means those wages used to calculate the  
22 federal credit pursuant to 26 U.S.C.A., Section 45A.

23       9. In taxable years beginning after December 31, 2005, an  
24 employer that is eligible for and utilizes the Safety Pays OSHA

1 Consultation Service provided by the Oklahoma Department of Labor  
2 shall receive an exemption from taxable income in the amount of One  
3 Thousand Dollars (\$1,000.00) for the tax year that the service is  
4 utilized.

5 10. For taxable years beginning on or after January 1, 2010,  
6 there shall be added to Oklahoma taxable income an amount equal to  
7 the amount of deferred income not included in such taxable income

9 as amended by Section 1231 of the American Recovery and Reinvestment  
10 Act of 2009 (P.L. No. 111-5). There shall be subtracted from  
11 Oklahoma taxable income an amount equal to the amount of deferred  
12 income included in such taxable income pursuant to Section 108(i)(1)  
13 of the Internal Revenue Code by Section 1231 of the American  
14 Recovery and Reinvestment Act of 2009 (P.L. No. 111-5).

15 11. For taxable years beginning on or after January 1, 2019,  
16 there shall be subtracted from Oklahoma taxable income or adjusted  
17 gross income any item of income or gain, and there shall be added to  
18 Oklahoma taxable income or adjusted gross income any item of loss or  
19 deduction that in the absence of an election pursuant to the  
20 provisions of the Pass-Through Entity Tax Equity Act of 2019 would  
21 be allocated to a member or to an indirect member of an electing  
22 pass-through entity pursuant to Section 2351 et seq. of this title,  
23 if (i) the electing pass-through entity has accounted for such item  
24 in computing its Oklahoma net entity income or loss pursuant to the

1 provisions of the Pass-Through Entity Tax Equity Act of 2019, and  
2 (ii) the total amount of tax attributable to any resulting Oklahoma  
3 net entity income has been paid. The Oklahoma Tax Commission shall  
4 promulgate rules for the reporting of such exclusion to direct and  
5 indirect members of the electing pass-through entity. As used in  
6 this paragraph, "electing pass-through entity", "indirect member",  
7 and "member" shall be defined in the same manner as prescribed by  
8 Section 2 of this act. Notwithstanding the application of this  
9 paragraph, the adjusted tax basis of any ownership interest in a  
10 pass-through entity for purposes of Section 2351 et seq. of this  
11 title shall be equal to its adjusted tax basis for federal income  
12 tax purposes.

13 B. 1. The taxable income of any corporation shall be further  
14 adjusted to arrive at Oklahoma taxable income, except those  
15 corporations electing treatment as provided in subchapter S of the  
16 Internal Revenue Code, 26 U.S.C., Section 1361 et seq., and Section  
17 2365 of this title, deductions pursuant to the provisions of the  
18 Accelerated Cost Recovery System as defined and allowed in the  
19 Economic Recovery Tax Act of 1981, Public Law 97-34, 26 U.S.C.,  
20 Section 168, for depreciation of assets placed into service after  
21 December 31, 1981, shall not be allowed in calculating Oklahoma  
22 taxable income. Such corporations shall be allowed a deduction for  
23 depreciation of assets placed into service after December 31, 1981,  
24 in accordance with provisions of the Internal Revenue Code, 26

1 U.S.C., Section 1 et seq., in effect immediately prior to the  
2 enactment of the Accelerated Cost Recovery System. The Oklahoma tax  
3 basis for all such assets placed into service after December 31,  
4 1981, calculated in this section shall be retained and utilized for  
5 all Oklahoma income tax purposes through the final disposition of  
6 such assets.

7 Notwithstanding any other provisions of the Oklahoma Income Tax  
8 Act, Section 2351 et seq. of this title, or of the Internal Revenue  
9 Code to the contrary, this subsection shall control calculation of  
10 depreciation of assets placed into service after December 31, 1981,  
11 and before January 1, 1983.

12 For assets placed in service and held by a corporation in which  
13 accelerated cost recovery system was previously disallowed, an  
14 adjustment to taxable income is required in the first taxable year  
15 beginning after December 31, 1982, to reconcile the basis of such  
16 assets to the basis allowed in the Internal Revenue Code. The  
17 purpose of this adjustment is to equalize the basis and allowance  
18 for depreciation accounts between that reported to the Internal  
19 Revenue Service and that reported to Oklahoma.

20 2. For tax years beginning on or after January 1, 2009, and  
21 ending on or before December 31, 2009, there shall be added to

24

2 provided in the American Recovery and Reinvestment Act of 2009.

3 C. 1. For taxable years beginning after December 31, 1987, the  
4 taxable income of any corporation shall be further adjusted to  
5 arrive at Oklahoma taxable income for transfers of technology to  
6 qualified small businesses located in Oklahoma. Such transferor  
7 corporation shall be allowed an exemption from taxable income of an  
8 amount equal to the amount of royalty payment received as a result  
9 of such transfer; provided, however, such amount shall not exceed  
10 ten percent (10%) of the amount of gross proceeds received by such  
11 transferor corporation as a result of the technology transfer. Such  
12 exemption shall be allowed for a period not to exceed ten (10) years  
13 from the date of receipt of the first royalty payment accruing from  
14 such transfer. No exemption may be claimed for transfers of

17          taxable income of any corporation, estate or trust, shall be further  
18          adjusted for qualifying gains receiving capital treatment. Such  
19          corporations, estates or trusts shall be allowed a deduction from  
20          Oklahoma taxable income for the amount of qualifying gains receiving  
21          capital treatment earned by the corporation, estate or trust during  
22          the taxable year and included in the federal taxable income of such

21 unless the pass-through entity that makes the  
22 sale has held the stock or ownership interest or
