Research Analysis

HB1360 requires the Education Leadership Oklahoma program to reward teachers who are renewing their National Board certification by giving them a portion of the renewal application fee. The program shall not select more than 300 applicants per year, and the total amount paid shall not exceed one thousand dollars (\$1,000) per applicant.

Fiscal Analysis

The measure in its current form would provide assistance to applicants who are renewing their National Board certification. The OEQA shall select no more than 300 applicants and provide payment assistance of no more than \$1,000 per applicant. While the fiscal impact is contingent upon the number of applicants, in the case that the OEQA would select the maximum number of recipients, the total fiscal impact to the OEQA would be in the amount of \$300,000.
