Research Analysis

HB 1939, as introduced, removes a formula for determining base pay of county officers and replaces it with a pay range. The measure also subjects certain additions to base salary to a majority vote of the board of county commissioners. The bill provides that changes in county officer pay take effect in January of the current fiscal year. Finally, the measure repeals two sections of law prohibiting a county officer from receiving an increase or decrease in salary during their term unless enacted prior to their election or appointment.
