

BILL SUMMARY
2nd Session of the 57th Legislature

Bill No.:	HB 2923
Version:	INT
Request Number:	9051
Author:	Rep. Provenzano and Rep. Waldron
Date:	2/13/2020
Impact:	District-level impact; Total amount unknown

Research Analysis

HB 2923, as introduced, provides teachers who have graduated from an accredited or approved teacher education program after November 1, 2020, with a one year head start on the teacher salary schedule. Instead of starting at year zero, the teacher would start at year one (1).

This one year credit would not apply to a teacher issued an emergency or provisional certificate, or an alternative teaching certificate.

Prepared By: Emily Wendler

Fiscal Analysis

The measure, as it is currently written, will result in a fiscal impact on the district level. However, while the salary increments are static, it is not known how many may qualify for this benefit, therefore a fiscal impact cannot be determined.
