

BILL SUMMARY
2nd Session of the 57th Legislature

Bill No.:	HB 3461
Version:	CS
Request Number:	11187
Author:	Rep. Russ
Date:	2/20/2020
Impact:	DEQ: No significant impact anticipated.

Research Analysis

The CS for HB 3461 directs the Oklahoma Department of Environmental Quality to develop rules for reducing the minimum trench length of new conventional subsurface absorption fields for septic systems and grants the agency the exclusive jurisdiction for regulating solid pipe fittings used in the conveyance of wastewater from the stub-out of a house or business to a septic system.

Prepared By: Tricia Hines

Fiscal Analysis

The measure addresses an update to rules for a program that is in use with the Oklahoma Department of Environmental Quality (DEQ). The agency anticipates no significant impact.

Prepared By: Jenny Mobley

Other Considerations

None.
