

BILL SUMMARY
2nd Session of the 57th Legislature

Bill No.:	HB3893
Version:	Introduced
Request Number:	10299
Author:	Rep. Bell
Date:	2/19/2020
Impact:	Please see previous summary of this measure

Research Analysis

HB 3893, as introduced, directs the State Department of Education (SDE) to create and maintain an electronic repository of individual student photographs for the purpose of providing a current photograph of a child to law enforcement if the child is identified as missing.

The inclusion of a student's photograph is optional and up to the discretion of the parent. School districts are directed to send an annual notice to parents with information about the repository, and a form allowing the parent or guardian to include their child's photograph.

The measure requires the SDE, with assistance from the Oklahoma State Bureau of Investigation, to create and maintain a list of missing Oklahoma school children which shall be updated and distributed to all Oklahoma school districts on a monthly basis.

Lastly, the measure requires law enforcement, whenever they've received a report of a missing child, to inform all on-duty officers of the missing child report, and enter it into the National Crime Information Center system, within two hours of receiving it.
