Research Analysis

The committee substitute to HB 4136 authorizes the forfeiture of any vehicle operated on the streets and highways of this state by a person who is unlawfully present in the United States and has previously been convicted of a misdemeanor or felony offense in this state or another state and the offense creates reasonable concern that operation of a motor vehicle by the individual creates a public safety risk by reason of the mere operation of the vehicle or what the person can accomplish utilizing the vehicle. If the person operating the seized vehicle is not the lawful owner and the owner attempts to claim possession, the owner of the vehicle shall be required to sign a statement acknowledging that the owner is now aware of the illegal status and criminal history of the person and that if the owner loans the vehicle or any other vehicle to the person again the owner is to be referred to the federal government and is liable to any victims of crime resulting from the use of the vehicle.
