Bill No.:	SB 824
Version:	Engrossed
Request Number:	
Author:	Rep. Frix/ Sen. David
Date:	4/1/2019
Impact:	ODOT cost: est. \$50,000-100,000 per study

Research Analysis

SB 824 requires the Oklahoma Department of Transportation to conduct an economic impact study prior to construction of state highways which have a primary purpose of bypassing municipalities. The measure further requires a written letter of support formally approved by the majority of the affected municipalities for the construction project to be added to the eight-year construction plan.

Fiscal Analysis

SB 86 in its current form requires certain economic impact studies for certain types of transportation projects statewide. Officials from the Department of Transportation have previously estimated the cost of such economic impact studies to range from \$50,000-100,000 per study depending on project complexity.
