

BILL SUMMARY
1st Session of the 57th Legislature

Bill No.:	SB 948
Version:	CCR A
Request Number:	
Author:	Rep. Martinez
Date:	5/15/2019
Impact:	OID: \$0 to agency or to the State. OMES/EGID: No significant impact.

Research Analysis

The CCR A to SB 948 prohibits carriers from denying a dental coverage claim for services included in a prior authorization unless benefit limitations are reached after prior authorization, the documentation fails to support the claim that the service was originally authorized, a change in treatment or condition changes the prior authorization, another payor is responsible, the dentist has already been paid, the claim was submitted fraudulently, or the patient was not eligible to receive the procedure. The measure requires carriers to submit a prior authorization within 30 days of request.

The measure also modifies treatment for autism spectrum disorder, allowing a board-certified assistant behavior analyst to provide applied behavior analysis.

Prepared By: Anna Rouw

Fiscal Analysis

The measure pertains to dental insurance, coverage, denial and recoupment of claims. After analysis, the Oklahoma Insurance Department does not anticipate any impact to their agency. The Employee Group Insurance Department of OMES finds no significant impact to their agency.
