Bill Analysis

SB 1142 requires a school district board of education's discipline and bullying policy to include a procedure for the principal or a designee to initiate an investigation into an incident of bullying within one day of receiving the report. The measure also requires the policy to contain a procedure for the principal or designee to notify the parent or legal guardian of each student involved in a reported incident of bullying, with a notification that the incident will be investigated and that the parent or legal guardian may discuss counseling and intervention services available to the student.
