

Bill Summary
2nd Session of the 57th Legislature

Bill No.:	SB 1340
Version:	INT
Request No.:	3322
Author:	Sen. Montgomery
Date:	01/13/2020

Bill Analysis

SB 1340 modifies the Student Data Accessibility, Transparency and Accountability Act of 2013. The measure broadens the term “student data” to include Native American identification and allows school districts beginning with the 2020-21 school year to submit demographic data for students who are Native American to designate the student’s tribal affiliation. Beginning with the 2021-2022, school districts must submit the data.
