Bill Analysis

SB 1370 creates an I/T/U Shared Savings Program, which shall be used to maximize and direct the reinvestment of any savings to the Oklahoma Health Care Authority generated by enhanced federal matching funds. Authorized services provided by a non-I/T/U Medicaid provider to an American Indian or Alaska Native (AI/AN) Medicaid beneficiary as a result of a referral from an I/T/U facility provider may be eligible for the enhanced federal matching rate of 100%. The measure directs the Authority to distribute up to 50% of any savings that result from the I/T/U Shared Savings Program to I/T/U participants.

Distribution to participants shall be contingent upon the production of executed copies of Care Coordination Agreements (CCAs) for all services billed to Oklahoma Medicaid that were received through the I/T/U facility. The measure outlines the requirements for such CCAs. The Authority may enter into agreements with I/T/U facilities and must seek any federal approval needed to implement the provisions of the measure.

The measure creates the I/T/U Shared Savings Revolving Fund and directs the Authority's Chief Financial Officer to provide a report on the fund to the Governor, the President Pro Tempore of the Senate, and the Speaker of the House. The contents of the report are outlined in the measure.
