

Bill Summary
2nd Session of the 57th Legislature

Bill No.:	SB 1396
Version:	INT
Request No.:	3352
Author:	Sen. Stanley
Date:	01/15/2020

Bill Analysis

SB 1396 removes the earnings limitation imposed on retired members of the public school system who return to work. Current law prohibits retired members from receiving earnings greater than 50% of the final average salary used in computing retirement benefits or the Earnings Limitation for employees allowed by the Social Security Administration. The measure also removes the exception in which teachers can return to work with no earning limitations for a certain time period.
