

Bill Summary
1st Session of the 57th Legislature

Bill No.:	SB 143
Version:	CS1
Request No.:	1971
Author:	Sen. Stanislawski
Date:	02/27/2019

Committee Substitute (CS)

The CS for SB 143 requires a charter school contracting with a management organization to utilize the Oklahoma Cost Accounting System to report itemized expenditures associated with that contract. The CS specifies that the report shall include the total compensation package of the superintendent including the base salary, insurance, retirement and other fringe benefits.

Fiscal Analysis

FY'20 Impact: \$5,000.00-\$10,000.00

Charter schools can use the existing OCAS codes to report the total amount paid to a management organization. However, the itemized expenditures will have to be uploaded as a document to OCAS and this will require a system enhancement for which SDE will incur a cost. A tab in OCAS on the district's homepage has to be added that provides capability for the district to upload pdf files that can be viewed/retrieved by SDE.

Based on a similar enhancement that was recently completed, the estimated cost to complete the system enhancement is \$5,000-\$10,000.
