Bill Analysis

SB 1543 requires the notice published in the Oklahoma Registrar prior to the adoption of an agency rule to include statutory citations showing the agency's legal authority to adopt a rule. The director of the agency adopting the rule must affirm the agency's legal authority with a notarized statement. If the notice does not contain all necessary provisions, the adopted rule must be deemed invalid. The measure also extends the timetable for the Legislature to consider approval or disapproval of adopted rules. For rules submitted prior to December 1, the Legislature may review a rule until the end of the upcoming session. Rules submitted after December 1 may be reviewed by the Legislature during the upcoming session and until the last day of the regular legislative session of the next year.
