Committee Substitute (CS)

The CS for SB 1574 authorizes county employers to make a retroactive one-time lump sum payment in a certain amount to the retirement fund of an employee for contributions made between July 1, 2019, and June 30, 2020 if any contribution made during that time period did not equal the maximum contribution rate. The CS also ties contributions for drainage district employees and from the court fund and Law Library Fund to maximum contribution rates from the general county retirement funds.
