Bill Analysis

SB 172 requires every active, Council on Law Enforcement Education and Training certified police officer to complete the Oklahoma Department of Mental Health and Substance Abuse Crisis Intervention Team training. Officers who complete the training program must take an annual, four hour refresher course. The refresher course shall count toward the minimum hours of required continuing law enforcement training. Additionally, the measure increases the number of hours that active reserve officers must complete continuing education courses on mental health issues from one hour to two hours.
