

Bill Summary
2nd Session of the 57th Legislature

Bill No.:	SB 1772
Version:	INT
Request No.:	3031
Author:	Sen. Kidd
Date:	01/27/2020

Bill Analysis

SB 1772 provides an exemption to the hospital building codes for hospitals that previously relinquished their license that are seeking to reopen. Such hospitals must have previously complied with the building code prior to relinquishing the license, been in good standing with the State Department of Health, and operated in the same vicinity as a licensed health care facility or nursing facility. Additionally, the maximum bed capacity must be no greater than 10 beds.
