

Bill Summary
2nd Session of the 57th Legislature

Bill No.:	SB 1816
Version:	INT
Request No.:	3743
Author:	Sen. Scott
Date:	01/28/2020

Bill Analysis

SB 1816 repeals the section of law providing for licensing entities to submit identifying information on a licensee to the Oklahoma Tax Commission to facilitate income tax compliance. The repeal would eliminate the procedure whereby the Oklahoma Tax Commission notifies the relevant licensing entity of a taxpayer's noncompliance, and after such notification is provided, the licensing entity must refuse to renew the taxpayer's license.
