

Bill Summary
1st Session of the 57th Legislature

Bill No.:	SB 331
Version:	INT
Request No.:	724
Author:	Sen. Standridge
Date:	01/15/2019

Bill Analysis

SB 331 instructs the State Hazard Mitigation Team to develop recommendations for the state to safeguard against the threat of an electromagnetic pulse (EMP) attack by September 1, 2021. The measure requires the report to include various items related to the mitigation of an attack as well as requires the Team to present its findings to the Governor, President Pro Tempore, and Speaker by November 1, 2021.
