

Bill Summary
1st Session of the 57th Legislature

Bill No.:	SB 376
Version:	FS1
Request No.:	2044
Author:	Sen. Standridge
Date:	03/06/2019

Floor Substitute (FS)

The FS for SB 376 modifies bidding considerations for state highway projects. The CS requires greater preference to be given to bidders that commit to use Oklahoma-owned businesses to perform work on transportation projects. The measure suspends the preference if federal funding is jeopardized or if an inconsistency with federal law arises.
