Bill Analysis

SB 413 expands the use of the School Consolidation Assistance Fund to include dependent school districts. The measure provides up to \$100,000.00 to dependent school districts that consolidate their administrative operations. The amount provided is equal to the salaries and benefits of each administrator who resigned, retired, or was not reemployed due to consolidation. Administrative services may be combined with a contiguous independent school district. The State Board of Education shall assist with such consolidation efforts.
