

Bill Summary
1st Session of the 57th Legislature

Bill No.:	SB 529
Version:	INT
Request No.:	1444
Author:	Sen. Boren
Date:	01/24/2019

Bill Analysis

SB 529 requires retail energy producers to compensate solar energy producers by the retail purchase meter running in reverse for solar power production exceeding on-site requirements. Compensation is to be based on the applicable retail rate schedule. Energy produced in excess shall be carried forward as credit for a period of twelve months for billing purposes.
